Super 77™ Multipurpose Adhesive

Game table

Create an attractive and fun game table for family and friends using old furniture from a yard sale or flea market. 3M™ Super 77™ Multipurpose Adhesive provides a secure bond that lasts. Look for a table with a drawer to store playing pieces out of sight.

Tools and materials

3M™ Super 77™ Multipurpose Adhesive

Small table

Scissors

Particleboard

Fabric

Measuring tape

Pencil

Board games such as Backgammon, Parcheesi™, and others

How-to

1. Paint or stain table if desired.
2. Measure top of table; cut particleboard to fit.
3. Cut fabric to fit particleboard with about 1″ extra to wrap around edges.
4. Make sure table, particleboard, and fabric are free from dust and dirt.
5. To protect surfaces from overspray, place items on newspaper, plastic or craft paper.

6. Follow directions on can and work in a well-ventilated area. Spray fabric back, then particleboard, with 3M™ Super 77™ Multipurpose Adhesive.
7. Wait 30 seconds and attach fabric to particleboard by starting at center and smoothing fabric out to sides. Wrap excess fabric to back of particleboard.
8. Mask off tabletop as needed. Spray underside of particleboard, then tabletop.
9. Wait 30 seconds and attach particleboard to tabletop.
10. Arrange board games in desired pattern.
11. Mask off tabletop as needed. On newspaper, spray backside of board games, then tabletop. Press board games onto tabletop.
12. Get out the snacks and let the games begin!
