3M™ SelfCheck™ System (R-Series)

[CHECKOUT]

Self-service that's self-explanatory

As the inventor of self checkout technology, our SelfCheck portfolio of products leads the industry with many customers achieving self-service usage rates up to 100%. The 3M SelfCheck™ System R-Series is easy to use for staff and patrons of all ages. Most importantly, the R-Series will allow your library to easily and affordably manage its circulation and collection more quickly, freeing your staff's time to better serve the patrons of your library.

Intuitive User Interface

- Easy to use
- Requires very little configuration
- Reliable software architecture

Reliable Checkout

- Customers are sure items are checked in/out correctly
- Customers can quickly check out many items
- Easy-load fast receipt printer
- Patron selectable e-mail, printed, or no receipt

Customizable Design

- Flexible modular design compatible with a wide range of architecture models
- Cabinet comes in a wide variety of finishes to fit the look of any library
- Counter top and units come in a variety of laminate, Corian® and multiple color options.

Web-Based Remote Monitoring and Diagnostics

- Real-time e-mail notification if the circulation system goes offline or the printer is out of paper
- Monitor check-in/checkout rates
- Troubleshoot and obtain statistics from any location
- Quick problem resolution
- Integrates with 3M™ Command Center

Flexible Options

- Fines and fees payments: credit/debit, cash or both
- Auto offline with store and forward
- Customer/staff selectable checkout/in
- Multiple languages
- Works with 3M™ Integrated Disc Media Unlocker
- Illuminated printer receipt slot

3M Tag Data Manager

- Allows the workstation to read multiple formats without impacting performance, ideal for libraries who lend materials with libraries that use other RFID tag formats
- Freedom to move to ISO Tag Data Standard in the future
- Empowered to read country specific data formats

UL-Certified

Meets the EU WEEE and RoHS Directives
