

Downloading and Installing SmartCement Software

1. Click the link to download the SmartCement software.
2. After the download dialog box appears, click the "Save" button.
3. Choose a location on your computer to download the Zip file to (such as "Desktop").
4. Click the "Save" button.
5. After the Zip file has downloaded, choose "Open".
6. Highlight the four files in the Zip folder.
7. Drag them onto your Desktop.
8. Double-click the "setup.exe" file and follow the installation instructions.
9. After installation is complete SmartCemnt will show up on the Start >> Programs list.

Note: If you would like to contact CSI Technologies, their website is www.csi-tech.net or call, 281-784-7990 (in the U.S.).
