Super 77[™] Multipurpose Adhesive

Fabric frame

A smart-looking frame doesn't have to be expensive. Start with a plain one, or one around the house, and transform it in just a few easy steps with 3M[™] Super 77[™] Multipurpose Adhesive. Frames with a smooth surface work best. With the versatility of Super 77 adhesive, you can also attach attractive details such as buttons, ribbon, foil and more.

Tools and materials

3M[™] Super 77[™] Multipurpose Adhesive

Frame

Fabric

Ruler

Pencil

Scissors

Utility knife

- For a 5" x 7" picture, use a 7-3/4" x 9-3/4" frame and 16-3/4" x
 12" fabric. Be sure to have enough fabric to wrap around to the back of the frame.
- 2. Press fabric with iron and lay face down on newspaper, plastic or craft paper to protect surfaces from overspray.
- 3. Make sure frame is free from dust and dirt. Place on newspaper.

- Follow directions on can and work in a well-ventilated area.
 Spray back of fabric and front of frame with 3M[™] Super 77[™] Multipurpose Adhesive.
- 5. After 30 seconds, center frame on top of fabric and press in place.
- 6. Cut an "X" in the fabric inside of frame with utility knife.
- 7. Fold the four triangles back and smooth onto frame. Smooth fabric around top and sides of frame.
- 8. Trim any excess around corners with utility knife.
- Consider using 3M[™] Super 77[™] Multipurpose Adhesive to attach a narrow ribbon inside the frame and on the back for a finished look.
- 10. Place a favorite photo in the frame and enjoy your creation!
