

# Dancing Flowers

## Dancing Flowers

This fun design was created using different colored curling ribbon for both the flowers and the stems. Accenting floral scrapbooking paper gives the gifts the illusion that the flower bows are dancing off of the gift. These flowers are easy to create and can be made in advance.

## Square Box

The easiest way to make a flower with curling ribbon is to use the Scotch Tape Pen. Use at least 2 strokes of the pen to ensure there is enough adhesive on the ribbon. Press the pieces firmly together to solidify the grip.

Difficulty – Easy

### Materials

- Lavender wrapping paper
- Magenta floral craft or scrapbooking paper (medium weight)
- 1/2-inch wide ribbed lavender curling ribbon
- 1/4-inch wide magenta ribbed curling ribbon
- Scotch™ Paper Cutter (for cutting wrapping paper and curling ribbon)
- Scotch® Double Sided Tape or Scotch® Pop-Up Tape (for wrapping the gift)
- Scotch™ Precision Scissors (for cutting scrapbooking paper and ribbon)
- Scotch® Permanent Glue Stick (for attaching scrapbooking paper)
- Scotch® Tape Pen (for making ribbon flowers and attaching bands of ribbon)

### Instructions

1. Wrap a box in lavender wrapping paper.
2. Cut a piece of the floral craft paper 2 inches smaller than the width measurement and the entire length of the top of the box.
3. Apply glue stick to the wrong side of the craft paper, especially around the edges. Attach the craft paper to the box, centering the paper evenly on the top of the box.

4. Cut a piece of both the lavender and magenta ribbon the full length of the top of the box.
5. Using the Scotch® Tape Pen, run a straight line of tape from the top edge to the bottom edge of the box about 1 inch from the left edge floral craft paper. Attach the lavender ribbon to the tape strip.
6. Using the Scotch® Tape Pen, run a straight line of tape from the top edge to the bottom edge of the box about 3/4-inch from the left edge of the lavender ribbon. Attach the magenta ribbon to the tape strip.

7. To make the flower stem, cut a 9 inch piece of the magenta ribbon. Using the ribbon curling feature on the Scotch™ Paper Cutter, curl the piece of ribbon leaving a 1 inch tail. Apply a least 2 strokes of tape from the Scotch® Tape Pen about 3 inches from the top edge of the box and attach the tail of the ribbon curl.

8. To make the flower bow, cut four 5-1/2 inch pieces of the lavender ribbon. Using the Scotch® Tape Pen, apply at least 2 strokes of tape to one end of a piece of ribbon. Fold the ends to the middle to attach, overlapping about 1/4 inch to form a loop. Repeat with the remaining pieces of ribbon.

9. Apply at least 2 strokes of tape from the Scotch® Tape Pen to the inside center of each loop to create two loops. Repeat with the other 3 loops.

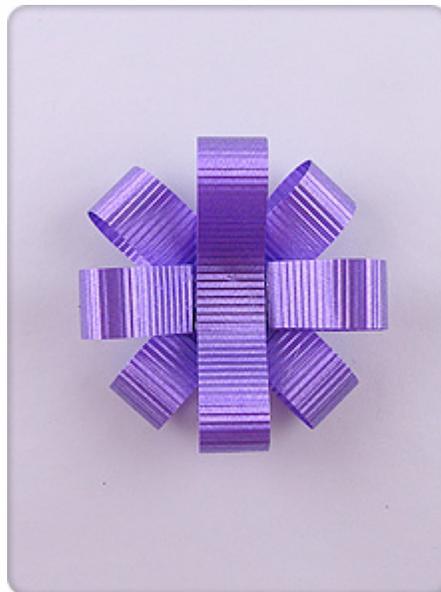

10. Cut a 3 inch piece of both the lavender and magenta ribbon. Apply a strip of tape using the Scotch® Tape Pen down the center of the lavender ribbon and attach the magenta ribbon strip.

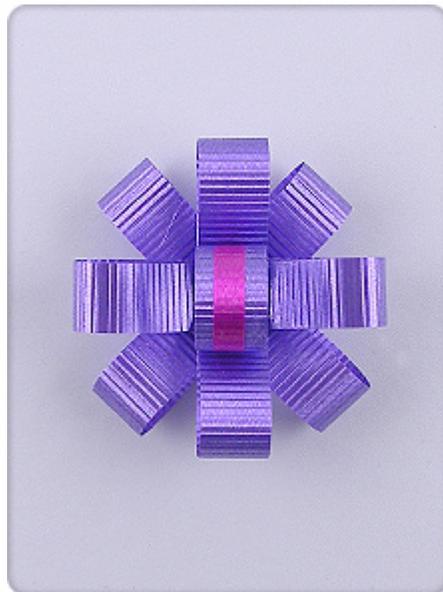

11. Apply at least 2 strokes of tape from the Scotch® Tape Pen to wrong side of the end of the ribbon. Fold the ends to middle to attach, overlapping about 1/4 inch to form a loop.

12. Using the Scotch® Tape Pen, apply at least 2 strokes of tape to the center of one of the lavender loops and attach a second lavender loop onto the center at an angle to form an X shape.
13. Using the Scotch® Tape Pen, attach the other two ribbon loops, one at a time, onto the center of X shaped ribbon loops to form a plus shape.

14. Using the Scotch® Tape Pen, apply at least 2 strokes of tape to the center of the flower and attach the small open loop to complete the flower bow.

15. Apply at least 2 strokes of tape from the Scotch® Tape Pen to the top of the curled ribbon stem and attach the flower, pressing firmly down to secure.
