

3M™ Workspace Solutions

making greener solutions a priority

Functionality meets sustainability

For more than a century, 3M has offered products that make people's lives easier and better. We're successful because we listen to our customer's needs and interests. Then, we provide products and solutions that address these concerns.

3M™ Workspace Solutions

is committed to your comfort.

It's all tied together. When you increase your comfort, you help increase your productivity. 3M™ Workspace Solutions provides ergonomic solutions and products that help advance sustainability.

3M

3M believes that active and responsible citizenship can make a successful company even stronger.

3M vigorously affirms the company commitment to sustainable development through environmental protection, social responsibility and economic progress. 3M is committed to help meet the needs of society today while respecting the ability of future generations to meet their needs. That is how 3M defines sustainability.

Preconsumer Recycled Content

3M™ Workspace Solutions offers products that include percentages of preconsumer recycled content. While you help increase your office comfort, you can decrease your impact on the environment.

Responsible Packaging

Environmental packaging is also a part of our full line of products. Certain 3M™ Workspace Solutions products are packaged using recyclable materials for less environmental impact.
