Attention: Shipping Department

**Re: 3M Canada Carrier Specifications**

Please use the grid below as reference information when it comes to carrier selection for shipments to 3M Canada. This is a list of 3M Canada's most common carriers, however it is possible that you have been dealing with carriers other than those listed depending on unique circumstances. You should continue to engage with the same carriers you were using prior to 3M Canada's Go Live, regardless of what the grid below says. The grid is only meant as a reference to 3M Canada's most common carriers. If you are unsure which carrier to engage for shipments of 3M Canada from your facility, please send an email to 3M Canada Transportation at [tca-corporate6@mmm.com](mailto:tca-corporate6@mmm.com).

Origin	Destination	Carrier Information	Shipments under 201 lbs	Shipments between 201 and 10,000 lbs	Shipments over 10,000 lbs

		Means of Transport	AIR_PAR_EX	AIR or CONT20

We ask that you notify the appropriate carrier 48 hrs in advance of loads being prepared to ship whenever possible. Should this carrier not be available to deliver your goods to 3M Canada by the required delivery date, please call 3M Canada Transportation Department for an alternate carrier at 1 800 265-1840 ext. 6222. Any variation from the 3M Canada selected carriers may result in services failures, unnecessary liability to 3M Canada, and additional transportation costs.

In future, any shipments sent collect to 3M Canada by unapproved carriers may result in any additional costs billed back to the shipper. If you are in possession of outdated carrier choices we have provided to you in the past, please destroy these immediately to avoid confusion with your shipping personnel.

We appreciate your assistance and cooperation in this matter. If you have any questions, please contact a 3M Transportation representative.

Regards,

3M Canada Company
