

Protect information on the go

3M™ Mobile Privacy Film allows handheld device users to text, review email, check electronic bank statements and more – without fear of having their personal information become public information. This removable privacy film allows the freedom to text and email anywhere without worry that others will see sensitive information.

The newest addition to the 3M Display Surface Products line, 3M Mobile Privacy Film offers the same screen darkening “microlouver” privacy as other 3M privacy filters but now is available in a smaller size to fit and protect mobile devices. In addition to helping maintain visual security of information, 3M Mobile Privacy Film features a light matte finish that helps reduce glare and makes screens easier to see.

Learn how to design more energy efficient displays

Make plans now to attend 3M Senior Research Specialist Gary Boyd's presentation at SID Display Week, May 31 through June 6, in San Antonio, Texas. In his presentation on June 1, 2009, Boyd will discuss the optics of LCD backlight components and system optimization that maximizes energy efficiency in notebooks, monitors, LCD TVs and handheld devices, which can be achieved by integrating the efforts of suppliers throughout the supply chain.

Consumers are increasingly interested in reducing energy use, and 3M's booth (#203) at SID Display Week will feature a variety of energy efficient devices. Be sure to stop by and see some of the best, most energy efficient devices and talk to the experts who can help you design more energy efficient displays using Vikuiti™ Optical Films.

Your free screen-saver adventure is just a click away

Watch as your screen is transformed into a colorful tropical aquarium. Experience the sensation of soaring through the clouds. See nature unleash its power in the form of an alpine blizzard and a summer thunderstorm. Be amazed as bright oranges rain down from your screen and pile up deliciously. Or look up through the snow-covered pines and watch as the clouds break to reveal a beautiful starry night.
